

PLEASE PLEASE PLEASE reject the NAB's petition 04-160. I am a satallite radio listener and love the programing. I am 57 years old and have been listening to radio all my life. If you have never spent an evening with satallite radio your really missing something. This IS the better mouse trap of radio. This IS the future. What the non-satallite media industry is trying to do with petition 04-160 is absurd and transparent. I chose to PAY a subscription because the programing is vastly superior. I don't want the NAB or any other group dictating what I can and can not listen to on a subscription satallite radio service. I am an active voter, letter writer, and will pick up the phone and call my representatives, including the White House. Please reject the NBA's petition 04-160 and support satallite radio, it's subscribers and the future.
Respectfully,

Robert W. Teeters
